

## Living in Fear

Kreator

Endless destruction  
Blood falls like rain  
The war of the demons  
Will give you pain  
Inverted crosses  
The reaper will rise  
The war of the demons  
Will make you die  
I'll take you down into my grave  
I'll rip your flesh and torment your face  
Your cry in the night none will hear  
It's time to die you're living in fear  
Fight with the mortals  
Death is their goal  
Eating the corpses  
And sell all their souls  
Obey the commands  
Of the black majesty  
You know your soul  
Will never be free
