This Is Not The End

You close your eyes And hope that nothing gets through These walls are high Guarded by a statue And you've been blind 'Cause it's yourself you consume But not this time No I won't let it eat you Wait, this is not the end It's where I began We are up against the world, oh You know we live for everyday until tomorrow Hey oh, Don't lose your head, We're able To knock 'em dead I'll save you If you're on the edge I've said, This is not the end This is not the end This is not the end The job is through Yeah, it is done I own you This war is won, won You play your part Yeah, you hang on 'Cause you'd rather die in my arms I'll give you nothing but morphine dreams As you sleep, welcome back all your screams When you wake, play 'em back, split your seams So you're breaking 'til you bleed Wait, this is not the end It's where I began We are up against the world, oh You know we live for everyday until tomorrow Hey oh, Don't lose your head, We're able To knock 'em dead I'll save you If you're on the edge I've said, This is not the end This is not the e-This is not the e-Wait, this is not the end It's where I began We are up against the world oh You know we live for everyday until tomorrow Hey oh, hey oh, hey oh, hey oh Hey oh, hey oh-This is not the end This is not the end
