

Ten

Kreyson

In the night,
Beasts of shadow and claw,
Wait for you
Till you stumble and fall.

If they can blind you
They can ravage your heart,
drag you down,
Dag you into the dark.

They're all around,
Darkness is closing in,
All alone
There's no way you can win.

Suddenly you recall
There's a power that you hold:

Ten pearls of holy wisdom,
Will light your way, just
Ten, the treasure from the mountain
Will guide you in the darkness night.

Light and dark,
Now for us all to see
Set in tablets of stone,
The will of a holy God.

Ten pearls of holy wisdom,
Will light your way, just
Ten, the treasure from mountain
Will guide you in the darkness night.
