

## Beautiful Moon

Kris Allen

Oh beautiful moon  
Sing me your song  
Make it slow  
And sweet  
If you can  
Oh beautiful moon  
Don't worry 'bout the clouds in the sky  
'Cause they'll all  
Wash away  
With the time  
Oh

This back porch singin' praises  
And when the smoke leaves  
I see your faces

Oh beautiful moon  
When it's dark out tonight  
I thank God  
For givin' you your life  
Oh beautiful moon  
When you're all alone  
There's no stars  
Where they all go  
Oh

The city lights they hide your graces  
And when the smoke leaves  
I'll see your faces  
Oh

Oh  
This back porch singin' praises  
And when the smoke leaves  
I'll see your faces

Oh beautiful moon  
Sing me your song  
Make it slow  
And sweet  
If you can
