

# Bring It Back

Kris Allen

Unspoken, in silence  
Let's stay here tonight  
There's no reason to ask me  
Cause you know what's inside

Don't worry now  
Seasons will change  
Forgive my mouth  
For not letting you walk away

Take your love, bring it back  
Bring it back  
Think before you leave  
I forgot what love is  
Bring it back  
Tell me that you believe  
What fate has been telling me

At sundown on the freeway  
Is no place for goodbyes  
Don't worry now  
Seasons will change  
Forgive my mouth  
For not letting you walk away

Take your love, bring it back  
Bring it back  
Think before you leave  
I forgot what love is  
Bring it back  
Tell me that you believe  
What fate has been telling me

I've got a different ending to our story  
I know it's hard for you to hear it through  
But listen as I read

Take your love, bring it back  
Bring it back  
Think before you leave  
I forgot what love is  
Bring it back  
Tell me that you believe  
What fate has been telling me
