

Wild American

Kris Kristofferson

Wild American

You're the one they never tamed

'Cause you stood your ground

And they could not make you change

You're the warning they still don't understand

Watch your back, now, they'll kill you if they can

When they burn your brother down in the name of Freedom

I don't care if it's left or right

It's wrong

If that's all they can do then you don't need 'em

You're the one, Wild American
