Wild American

Kris Kristofferson

Wild American You're the one they never tamed 'Cause you stood your ground And they could not make you change You're the warning they still don't understand Watch your back, now, they'll kill you if they can

When they burn your brother down in the name of Freedon I don't care if it's left or right It's wrong If that's all they can do then you don't need 'em You're the one, Wild American
