

## Natural Genocide

Krisiun

Storming process of violation  
Open the abyss to wastelands  
Nocturnal cycle of degradation  
Deluvian nature awakened.  
Silent ominous waves pound  
Vultures prepare their arrival.  
Killing ground shakes  
Crumbling mountains explode like bombs  
Raging sea swallows the land  
Dragging Earth's fate into the void.  
Volcanoes enraged  
Skies decayed  
Molten rocks descend  
Smoldering nations in pain.  
Monsterous tide,  
Divine genocide.  
Torrential flood,  
Natural genocide.
