

Natural Genocide

Krisiun

Storming process of violation
Open the abyss to wastelands
Nocturnal cycle of degradation
Deluvian nature awakened.
Silent ominous waves pound
Vultures prepare their arrival.
Killing ground shakes
Crumbling mountains explode like bombs
Raging sea swallows the land
Dragging Earth's fate into the void.
Volcanoes enraged
Skies decayed
Molten rocks descend
Smoldering nations in pain.
Monsterous tide,
Divine genocide.
Torrential flood,
Natural genocide.
