

Ravenous Hordes

Krisiun

Ravenous hordes ride the sorrowful dawn
purge thru pillage inferno unleashed
blasting steel barbarian spawn
riding to avenge out of the hills
storms of spears breaks the dusk
ravens on high - flesh and steel are one
Rivers infested - blood-bathed soil
sanguinary winds - cruelty blown
decapitated pieces of foes
heads stacked - slaughtered as burnt
daughters of men ravaged as enslaved
promised land crumbled to dust
Bestial covenant of sword and oppressor
vanquished empire falls into ruins
enraged servants or tyrant realm
genocide of all lands
