

The Extremist

Krisiun

Source of wrath and fury revealed inside of me
The electrifying surge of a corrosive lunacy
Molten destination, I've sold my plagued soul
Impulsive disorder, I bring the fuel to burn
Exalting the words of my hatred faith
Vengeful malediction, I'm locked in a cage of hate
A perpetual venom that feeds my redemption
My soul entangled into a bloody maelstrom
As I passed the gates to a ruthless mental storm
I'm the one you call the extremist - God's forsaken
lunatic - Fear to the nations I inflict
I'm the one you call the extremist - Blaspheming thy
lord I exist - Desecrating thy faith I insist
I'm the one you call the extremist - Predatory brutal
instinct - Rule the lord with iron fist
Demonized burning dementia - Terrorizing pyromania - I
burn everything in my way
I'm the one you call the extremist - Your neighbor
church in my black list - Ashes of saints under the
funeral mist
I'm the one you call the extremist - Infesting
predatory lunacy - Purge and pillage I inflict
Source of wrath and fury revealed inside of me
The electrifying surge of a corrosive lunacy
Molten destination, I've sold my plagued soul
Impulsive disorder, I bring the fuel to burn
Exalting the words of my hatred faith
Vengeful malediction, I'm locked in a cage of hate
A perpetual venom that feeds my redemption
My soul entangled into a bloody maelstrom
As I passed the gates to a ruthless mental storm
I'm the one you call the extremist - God's forsaken
lunatic - Fear to the nations I inflict
I'm the one you call the extremist - Blaspheming thy
lord I exist - Desecrating thy faith I insist
