

# The Will to Potency

Krisiun

Battering at battling of every move - knocking down the  
walls in front of me  
Reciting the rites of this evil energy - eliminate the  
weak with hateful potency  
Spirit of negation throughout the centuries  
Heart of perpetuation of pure savagery  
Gruesome nature - eternity defiled  
I've challenged and cursed the invincible to exile  
Storming relentless denial - confrontation is my  
retribution  
Resistance against the opposition  
The path of defiance leads to inner power  
I've inherited the fury of the anger - not to submit to  
no lord  
I'm rebellion against the empire - the sword that  
thrusts the savior's heart  
I'm the revolt of procreation - faithful wrath of  
damnation  
Defiance overcomes submission - strength obliterates  
the competition  
Infamous will to potency - reveal the truth for the  
hypocrite  
Infamous will to power - liars' and cowards' darkest  
hour  
Storming relentless denial - confrontation is my  
retribution  
Resistance against the opposition
