

## Vengeance's Revelation

Krisiun

Fire burning unfolding a revelation  
As my body melts away in a sacred pyre  
Entering soul in the realms of forgotness  
Heritage from earth's pain  
Infinite blackness in the kingdom of death  
Black spirits screaming and driffiting  
Burned was my existance  
Burned was my body sacrifice  
Infamous fire in a weird ritual  
Howling winds of dead chant's  
Leading the streams of pagan souls  
Centuries of endless suffering  
Rise rise rise from the deepness  
Cursed cursed cursed the unholy return  
Reborn from the spell revelation  
In the sign of sacred moon  
Screams of dead has living again  
Defying the whole existance  
Driffiting among living and dead  
Born again in exalting blasphemies  
I return to my enemies kill  
Condemn them to my wrath  
I reveal the truth for the liar  
Inflicting plague to their brood  
Unfolding extreme suffering  
For the ones who once defy me  
Cursed br my rebirth  
I'm the beginning of their fatal end
