

Visions Beyond

Krisiun

Visions beyond what i see
Ethercal lunacy descends on me
Lurking beyond my sleep
Behind the murdered light i roam
Deep waters on fire
Deafening cries of wounded souls
Embraced unto forbidden contines
Of the dark sacrificial earth
I'm the offspring to be returned
To cast seeds of terror upon earth
Timeless nightmares of an undying soul
Origin of desolation
The eye of the undivine is upon me
Carry my curse to all my enemies
