

Hanging

Kristian Leontiou

Breathing in breathing out
I can sit and watch for hours
You're my TV you're my book
Knowing learning when I look

I'm just hanging bidding my time
There's no other by my side
I go down and down and down the river rages
And I see you in the morning then your gone
I'm waiting around for the evening til your home
If I could change the way this is I'd stay with you
But if you don't know what I feel now
What can I do

Phone is ringing out my name
The worlds just gonna have to wait
Leave me here so I can dream
I'm more than happy cant you see

I'm just hanging bidding my time
There's no other by my side
I go down and down and down the river rages
And I see you in the morning then your gone
I'm waiting around for the evening til your home
If I could change the way this is I'd stay with you
But if you don't know what I feel now
What can I do
