

# I Was Here

Kristin Chenoweth

You will notice me  
I'll be leaving my mark  
Like initials carved in an old oak tree  
Just wait and see

Maybe I'll write like Twain wrote  
Maybe I'll paint like Van Gogh  
Cure the common cold, I don't know  
But I'm ready to start cause I know in my heart

I wanna do something that matters  
Say something different  
Something that sets the whole world on its ear  
I wanna do something better  
With the time I was given  
I wanna try to touch a few hearts in this life  
Leave nothing less than something that says  
I was here

I will prove you wrong  
If you think I'm all talk, you're in for a shock  
Cause this dream's too strong  
And before too long

Maybe I'll compose symphonies  
Maybe I'll fight for world peace  
Cause I know it's my destiny  
To leave more than a trace of myself in this place

I wanna do something that matters  
Say something different  
Something that sets the whole world on its ear  
I wanna do something better  
With the time I was given  
I wanna try to touch a few hearts in this life  
Leave nothing less than something that says  
I was here

I wanna do something that matters  
Say something different  
Something that sets the whole world on its ear  
(I wanna do something that matters  
Say something different  
Something that sets the whole world on its ear)

I wanna do something that matters  
Say something different  
Something that sets the whole world on its ear  
I wanna do something better  
With the time I was given  
I know that I will do more than just pass through this life  
And leave nothing less than something that says  
I was here  
I was here  
I was here
