

# Move Like A Soldier

Kristina Maria

I'm going nuts here thinking how could  
I've been brave, not a quitter  
Look like it's stopped now  
But I'm going to practice my aim in the mirror  
Tonight, I'm gonna holding on to the morning  
I'm holding on the the morning comes  
And I can have your attention,  
Show you how I'm the only one  
To break down your walls  
Hijack your brain,  
Run through your veins,  
I'm gonna move like a soldier (I'm going like a tank)  
I'm gonna move like a soldier (I'm going like a tank)  
I'm gonna crawl through your skin,  
Get to your head  
Fight 'til the end,  
I'm gonna move like a soldier (I'm going like a tank)  
I'm gonna move like a soldier (I'm going like a tank)

It's such a let down  
How come I just can't put my money  
Where my mouth is!  
Yeah, instead of letting me down  
I should be filling you up  
Instead of running away  
I should be make it stay  
Tonight, I'm gonna holding on to the morning  
I'm holding on the the morning comes  
And I can have your attention,  
Show you how I'm the only one  
To break down your walls  
Hijack your brain,  
Run through your veins,  
I'm gonna move like a soldier (I'm going like a tank)  
I'm gonna move like a soldier (I'm going like a tank)  
I'm gonna crawl through your skin,  
Get to your head  
Fight 'til the end,  
I'm gonna move like a soldier (I'm going like a tank)

When I find you  
Not gonna let you go  
When I find you  
Not gonna let you go  
When I find you  
I'll never let you go

I'm gonna break down your walls  
Hijack your brain,  
Run through your veins,  
I'm gonna move like a soldier (I'm going like a tank)  
I'm gonna move like a soldier (I'm going like a tank)  
I'm gonna crawl through your skin,  
Get to your head  
Fight 'til the end,  
I'm gonna move like a soldier (I'm going like a tank)  
I'm gonna move like a soldier (I'm going like a tank)
