

# Understatement

Kristina Maria

You left me so cold  
Bein' away from me  
Another truth unfolds  
I just don't wanna believe  
Goin' out of my mind  
Not ready to say our last goodbye  
And it's killing me so  
That I can't let you go

To say that I miss you  
Doesn't cut it  
How much I love you  
I just can't describe  
Something that's stronger  
I can't get over  
To say that I miss you  
Is an understatement  
To say that I miss you (Understatement)  
To say that I love you (Understatement)  
To say that I miss you (Understatement)

We were so strong  
How did we get so weak?  
Now I'm shattered to pieces  
I just can't figure it out, baby without a doubt  
That I'm out of my mind  
Not ready to say our last goodbye  
And it's killing me so  
That I can't let you go  
I just can't let you go

To say that I miss you  
Doesn't cut it  
But how much I love you  
I just can't describe  
Something that's stronger  
I can't get over  
To say that I miss you  
Is an understatement  
To say that I miss you (Understatement)  
To say that I love you (Understatement)  
To say that I miss you (Understatement)

All those arguments  
That put us to an end  
Baby, they just seem so small  
I just can't deny it  
I thought that we'd fight it  
Then I'd have you at all

To say that I miss you  
Or how much I love you  
Yeah, yeah-  
Something that's stronger  
I can't get over  
To say that I miss you (Ooh, I miss you)

To say that I'm lovin' you  
To say that I'm missin' you  
To say that I miss you  
To say that I'm missin' you  
To say that I'm lovin' you  
To say that I miss you  
To say that I love you, yeah
