Save My Soul

Who is gonna save me

Nothing in the world can make change the way I feel for you Nothing in the world can make me leave you don't you feel it to You have made me realize my love for you can make me whole You have made me realize that love alone can save my soul... yeah I was in a place of fire I was hypnotized Living in my darkest hour I was paralyzed And now I'm back and feeling higher And you alone can say That you became a true reviver When you rescued me Save my Save my Save my Save my soul I suffered from a burning fever But now I'm back to life I turned into my own deceiver And that I can't deny I thought that I was born to walk alone Until I met you You are my one desire Come on and take me higher Save my Save my Save my Save my soul Who is gonna save me Tell me can you save me You alone can save me Tell me can you save me You alone can save me You have made me realize my love for you can make me whole You have made me realize that love alone can save my soul Who is gonna save me Save my Save my Tell me can you save me Save my Save my soul Tell me can you save me You alone can save me Who is gonna save me Tell me can you save me

You alone can save me Tell me can you save me

You alone can save me Cause nothing in the world can make change the way I feel for you Nothing in the world can make me leave you don't you feel it too

Tell me can you save me You have made me realize my love for you can make me whole You alone can save me You have made me realize that love alone can save my soul Tell me can you save me

Save my Save my Save my soul Save my soul Save my Save my Save my Save my soul

Tell me, can you save me?
