

Call U My Own

Kristinia DeBarge

What is it gonna take, to get you to text me
Tell me it's not too late, to call you my own

Do you have the time to talk?
There's something I gotta say
It's been weighing on my heart
And it won't go away
Oh no, don't know if I can keep it inside for long
Oh, I'm giving myself away

Why should I
Live another day without you
Can't deny
The way you give me butterflies
Remember that day you passed right by me
Cracked a smile then you called me cutie
Oh, oh, and now I can't forget you

What is it gonna take, to get you next to me
Tell me it's not too late, to call you my own
Could be into me, like I am into you
Tell me it's not too late, to call you my own

Got excited when you called
You said you'd be here at eight
So I put my red dress on
Ooh, I can hardly wait for you
To show up at my doorsteps
So out of the blue, man you turn me on

This could be so perfect, this could be so real
Go all the way, I'll wait for you, I'll wait for you until
You tell me that you need me, you want me by your side
Cause you're the kind of guy I dreamed about my whole life

Oh, yeah, oh
What is it gonna take
To call you my own
