

# Doesn't Everybody Want To Fall In Love

Kristinia DeBarge

I think that I love him more, more then life itself.  
I know that ill never find nothing close to him  
Never gunna stop (ill)  
Love him till I drop, ain't never gunna let him go whoa  
He drives me so crazy  
I so love my baby  
The way he be makin me feel

I know you think im dead wrong (dead wrong)  
Said this should not be going on (going on)  
But are ya gunna stop my heart  
from fallin in love?

Doesn't everybody wanna fall in love?  
Doesn't everybody wanna need someone?  
Member when you told me that you didn't have no one  
You would of give anything just to have someone  
So don't hate on me cause  
He's so good to me  
He's so sweet to me  
I know that you don't think I know enough  
But doesn't everybody wanna fall in love (fall in love)

You think that we are too young well give me a break  
I know when you feel in love you were 17  
I thought you didn't stop, it was getting hot  
And I know you didn't let him go whoa  
So how is this different  
And why should I listen to you  
Don't know whats in my heart

I know you think im dead wrong (dead wrong)  
Said this should not be going on (going on)  
And how ya gunna stop my heart  
from fallin in love?
