

# Find It In My Heart

Kristinia DeBarge

I woke the third time tonight, you asked if I was alright  
I told you that I needed water  
And when you looked in my eyes you knew that it was a lie  
The emptiness is taking over

I wish that I could rewind and start over  
After all this time  
It's not the same  
Will we ever get it back again?

How can I find it in my heart?  
All the words I wanna say  
Can this pain just go away?  
How can I find it in my heart?  
That you were a part of me  
Instead you break me 'til I bleed  
I always came to you looking for shelter  
You left me here alone without an answer  
If it was easier then everyone would be doing it  
I gotta find a way

You always pull me back again  
You tell me no, not again  
You always have the right things to say  
Right up your sleeve like a trick  
Where is your hat and your stick?  
This seems to be your favorite part baby

I wish that I could rewind and start over  
After all this time  
It's not the same  
Will we ever get it back again?

How can I find it in my heart?  
All the words I wanna say  
Can this pain just go away?  
How can I find it in my heart?  
That you were a part of me  
Instead you break me 'til I bleed  
I always came to you looking for shelter  
You left me here alone without an answer  
If it was easier then everyone would be doing it  
I gotta find a way

Remembering the times  
When you had your own life  
I'm so sick and tired  
Of everything revolve around me  
I can't read your mind  
But man I wish I could  
'Cause I've run out of time  
To give myself away to you

How can I find it in my heart?  
All the words I wanna say  
Can this pain just go away?  
How can I find it in my heart?

That you were a part of me  
Instead you break me 'til I bleed  
I always came to you looking for shelter  
You left me here alone without an answer  
If it was easier then everyone would be doing it  
I gotta find a way
