

Hold On

Kristinia DeBarge

Just another season
Leaves are starting to change
Just another reason
I can't live with the blame
People talking I'm just walking, trying to find my way
Now I'm solo hard to let go, these feelings never change
Cause I...

Hold on, hold on to the future we believe in
And I hold on, hold on to my dreams while I am sleeping
Boy I knew it from the very start, you'll always be the light i
n the dark
'Cause I hold on, hold on to the day, we're one again

All you wanted, is you to feel my pain
All I ever wanted, if you would feel the same (Whoa)
People talking I'm just walking, trying to find my way
Now I'm solo hard to let go, these feelings never change

Hold on, hold on to the future we believe in
And I hold on, hold on to my dreams while I am sleeping
Boy I know it from the very start, you'll always be the light i
n the dark
'Cause I hold on, hold on to the day, we're one again

And I hope it's not too late
'Cause I know never can start today
Forever can start today, yeah

Hold on, hold on
Hold on, hold on

Uh yeah yeah yeah, hold on
Hold on
