

Don't runaway
Tell your worries you ain't scared
And you are here to stay
You are, you are
You're remarkable
Don't let nobody try to tame your life
Your life, your life

As the music gets louder
Spread your arms and be ready to fly
If your days get harder
Remind yourself to always smile

Ignite the fire back in your life
Ignite the passion, make it worthwhile
Ignite the dreams that live within your mind
Let it shine bright

Ignite the fire back in your life
Ignite the passion, make it worthwhile
Ignite the dreams that live within your mind
Let it shine bright

It's not the end
Just remember you can notice that and start again
You're unforgettable
And beautiful all the time

As the music gets louder
Spread your arms and be ready to fly
If your days get harder
Remind yourself to always smile

Ignite the fire back in your life
Ignite the passion, make it worthwhile
Ignite the dreams that live within your mind
Let it shine bright

Ignite the fire back in your life
Ignite the passion, make it worthwhile
Ignite the dreams that live within your mind
Let it shine bright

Take the trip that you wanted to take
Drop the job that you really hate
All you need is a little bit of faith
A little bit of faith, just a little bit of faith

A little bit of faith

Ignite the fire back in your life
Ignite the passion, make it worthwhile
Ignite the dreams that live within your mind
Let it shine bright

Ignite the fire back in your life
Ignite the passion, make it worthwhile

Ignite the dreams that live within your mind
Let it shine bright

Take the trip that you wanted to take
Drop the job that you really hate
All you need is a little bit of faith
A little bit of faith, just a little bit of faith
