

# Not Afraid Of Ghosts

Kristinia DeBarge

I sit in my bedroom with nothing, but candles on  
No TV on, I choose the pain  
It now has begun to taking over my heart  
The only comfort that I had  
Just keep me going  
He is leaving, he's out the door  
And so I cried for a week or two  
To get over you, I want you to know that

I'm not afraid of ghosts  
And that's why you wanna me  
I had to let you go  
But you just didn't wanna leave

You can hold me  
(Hold me down)  
Hold me  
(Hold me down)  
Hold me, whatever you wanna do  
Baby you know why I'm not afraid of ghost  
And that's why you wanna me

If I can wake up right now  
I'm drowning in nightmares  
I wanna be able to get up again  
So I can open up the blinds  
But there is a light that can see me  
So I choose to fight, I'm not getting in  
Got my eyes closed so tightly  
And I'm not afraid, I want you to know that

I'm not afraid of ghosts  
And that's why you wanna me  
I had to let you go  
But you just didn't wanna leave

You can hold me  
(Hold me down)  
Hold me  
(Hold me down)  
Hold me, whatever you wanna do  
Baby you know why 'm not afraid of ghost  
(No more)  
And that's why you wanna me

I'm not afraid, you get homie if you want to  
Already said good bye, you can hold me if you want too  
But I'm so goal, you were so wrong  
Sinking in the cave, buried sound, buried slope sound  
I used to go ahead, go baby not a sound  
'Cause my modern life different now than I was then  
I used to go ahead, go baby not a sound  
I believed you and for ever used to guarantee  
I can see you grave, but she used to leave there to me  
And now instead of me, yea I was dipping there  
My heart broken and I wonder where I beat in there  
Waking in love yea, I have feet in there

I dream waking up, almost slipping there  
But I'm not afraid, I may be just chating  
Put them on the reason, you almost just fade it  
Said I'm not afraid, yea I'm a bit jadet  
Put them on the reason, you had just fade it

I'm not afraid of ghosts  
And that's why you wanna me  
I had to let you go  
But you just didn't wanna leave

You can hold me  
(Hold me down)  
Hold me  
(Hold me down)  
Hold me, whatever you wanna do  
Baby you know why 'm not afraid of ghost  
And that's why you wanna me.
