

# Somebody

Kristinia DeBarge

So young and vulnerable  
I told myself  
In order to feel the joy  
I have to go through the pain  
{I} lost track of tears I cried through the years  
Even convinced myself that I was the one to blame

All the searching  
Left me broken  
Had to pick up the pieces  
Be set for the reason  
Now I'm so glad  
To be with you  
Had break through  
Finally know how it feels

To be loved by somebody  
Be loved by somebody  
To be loved by somebody, body  
Be loved by somebody, body  
To be loved by somebody  
Be loved by somebody  
To be loved by somebody, body  
Be loved by

You make me say  
Ooh, ooh {somebody}  
Ooh, ooh {somebody, body}  
You make me say  
Ooh, ooh {somebody}  
Ooh, ooh {somebody, body}

I just gotta release myself from the negative  
Learning from my mistake  
So I never hurt again  
{I-I had to} Tear down the wall around my heart  
Left myself open for love  
And I'm so happy that I did cause

All the searching {yeah}  
Left me broken {oh}  
Had to pick up the pieces  
Be set for the reason  
Now I'm so glad {I'm so glad}  
To be with you {mhm}  
Had break through  
Finally know how it feels

To be loved by somebody  
Be loved by somebody  
To be loved by somebody, body  
Be loved by somebody, body  
To be loved by somebody  
Be loved by somebody  
To be loved by somebody, body  
Be loved by

You make me say  
Ooh, ooh {somebody}  
Ooh, ooh {somebody, body}  
You make me say  
Ooh, ooh {somebody}  
Ooh, ooh {somebody, body}

Now that I found you baby, I  
Ain't ever gonna let you go  
I want to tell the world how good it feels

To be loved by somebody  
Be loved by somebody  
To be loved by somebody, body  
Be loved by somebody, body  
To be loved by somebody  
Be loved by somebody  
To be loved by somebody, body  
Be loved by

You make me say  
Ooh, ooh {somebody}  
Ooh, ooh {somebody, body}  
You make me say  
Ooh, ooh {somebody}  
Ooh, ooh {somebody, body}
