

Somebody

Kristinia DeBarge

So young and vulnerable
I told myself
In order to feel the joy
I have to go through the pain
{I} lost track of tears I cried through the years
Even convinced myself that I was the one to blame

All the searching
Left me broken
Had to pick up the pieces
Be set for the reason
Now I'm so glad
To be with you
Had break through
Finally know how it feels

To be loved by somebody
Be loved by somebody
To be loved by somebody, body
Be loved by somebody, body
To be loved by somebody
Be loved by somebody
To be loved by somebody, body
Be loved by

You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}
You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}

I just gotta release myself from the negative
Learning from my mistake
So I never hurt again
{I-I had to} Tear down the wall around my heart
Left myself open for love
And I'm so happy that I did cause

All the searching {yeah}
Left me broken {oh}
Had to pick up the pieces
Be set for the reason
Now I'm so glad {I'm so glad}
To be with you {mhm}
Had break through
Finally know how it feels

To be loved by somebody
Be loved by somebody
To be loved by somebody, body
Be loved by somebody, body
To be loved by somebody
Be loved by somebody
To be loved by somebody, body
Be loved by

You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}
You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}

Now that I found you baby, I
Ain't ever gonna let you go
I want to tell the world how good it feels

To be loved by somebody
Be loved by somebody
To be loved by somebody, body
Be loved by somebody, body
To be loved by somebody
Be loved by somebody
To be loved by somebody, body
Be loved by

You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}
You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}
