Krizz Kaliko

Alright alright alright alright  
You've seen him on stages around the globe  
Fellas, get jealous  
Ladies, scream if you want to  
I knew you would  
He go by name of Krizz Kaliko but y'all can call him Kali  
Kali baby

Kaaaaaaaaaali baaaaaby  
Kali baby  
Kaaaaaaaaaali it's show out time

The whole wold buzzin' on the snake and the bat  
Now we the best, never takin' it back  
Without a reason people know that we're breathin'  
Once we see them we know they never leave  
Haller it out when they see him  
They used to make fun of him, now they wanna be him  
If they say they're better than Kali don't believe 'em  
They cold and they sneezin' and I be the reason  
They took the long way but name away  
Not all but grateful I'm makin' a pay day  
I'd love to say I'm still on my pay day  
Hip hop I get washed away if I don't stay

If you ever heard of Tecca Ninna then you heard of him  
If you listen you can hear him screamin' cause he runnin this.  
Kaaaaaaaaaali baaaaaby  
Kali baby  
Kaaaaaaaaaali it's show out time

Now wait, can I pick up one? Can I pick up one?  
Which one that want, to have some fun  
Yea, you and me both  
Always been the little ladies, they that call me Kali Kali  
If you wanna kick it baby momma don't bring her around me  
I pick up the ball and if you drop niggas can stop the heat  
Get your rimmy ballin' but ballers somebody stop me  
Yes, I'm the guy with the thing on his eye  
My music is dope and I'm gettin' high of my own supply  
I come to shizny and I swear Krizz is the business  
We got you girlies girlies glistenin' from listenin'  
As long as you within rope and it's so awful when you so broke  
I got car around my wrist and I got a house around my throat
