

Bailout Blues

Krokus

Sit and wait another day
She left me hangin' in the rain
Nothing worse than an empty heart
My head is spinning I'm fallin' apart

Now you know it hearts me babe
Now breakin' my heart again

I got the bailout blues
Day and light
I got the bailout blues
Baby's out of sight

Here I stand in torment and pain
Heart broken ball and chain
My mind is racing like a midnite express
Come baby please get me outta this mess

Now you know it hurts me babe
Now breakin' my heart in vain

I got the bailout blues
Day and light
I got the bailout blues
Baby's out of sight

Now you know it hearts me babe
Now you breakin' my heart again
Now you know it hurts me babe
Now breakin' my heart in vain

I got the bailout blues
Day and light
I got the bailout blues
Baby's out of sight
I got the bailout blues
I got the bailout blues
