

# Go Baby Go

Krokus

If you got problems with your  
Rambling girl  
She giving you the blues  
You wanna little more  
She gives a little less  
She's treating you so cruel  
Pick you're life your never alone  
When the hard times rule

Come on over honey  
Listen what I say

Go baby go  
Go baby go

You've got reached the point of  
No return  
You look her in the eye  
When the goin' gets tough the tough  
Get goin'  
You take her by surprise  
Now your life's back on the track  
'Cuz you're a highway child

Come on over honey  
Listen what I say

Go baby go  
Go baby go

She it you once  
She it you twice  
Don't need no dirty eyes

Come on over honey  
Listen what I say

Go baby go  
Go baby go  
Go baby go  
Go baby go
