

# I Want It All

Krokus

Yeah yeah yeah  
Can't sit around and I won't look back  
Runnin' outta time  
Here comes the train tearin' up the track  
And I know it's mine  
You put high stakes on me  
Now I've gotta go  
I'm gonna take a chance on a winner's streak  
The only way I know  
When the lights are burnin' bright come on, say yeah  
I can feel your spirit by my side touching me with every song  
I want it all  
Yeah, I want it all  
I want it all  
And I won't let you go  
My life has changed in oh so many ways  
I don't regret a thing  
Yes we just pushed-on-together-thru'-some-tough-and-cruel-days  
Whatever life would bring  
You put your trust in me  
Now I've gotta go  
I'm gonna take a chance on a winner's streak  
The best way I know  
Oh honey stand by me, yeah!  
Babe, you're magic  
And you know honey... my life is in your hands
