

## Love Will Survive

Krokus

Something's happenin' in my life  
An' I think it must be love  
I can feel that springtime itchy foolin'  
Stirrin' up my blood  
Guess I'm... high  
Yes I'm... high  
Guess I'm... high, high  
High in you!!!  
Got a light hearted dizzy head...mmm  
A long long winter's end...ugh!  
Gonna get my kicks like the birds and bees  
Oh the birds and bees  
Just pour a drink my friend  
Guess I'm... high... waoh  
Yes I'm... high  
Guess I'm high... high  
High in you!!!  
Love will survive  
Love will survive  
(You know it goes... Everybody knows!!!)  
repeat chorus  
(If there's one thing that keeps me alive)  
Love will survive  
(A little bit of love and you know I will survive)  
Love will survive  
(If there's one thing that keeps me alive)  
Love will survive  
(A little bit of love and you know I will survive)  
Love will survive  
Thank you!
