Rock the Block

Well the sky is grey, streets are cold And it's rainin' in my head Stayin' at home is drivin' me nuts Gotta boogie thru' the life out there! Can't let bad weather mess up great plans for a wild weekend Gotta meet my friends at the Rock Cafe on the corner of the cit y gate There's a place open all night Music is loud and the girls make eyes We'll rock the block We'll rock the block-block-block, one, two, three We'll rock the block 'Cause we can't let the rain screw up all this fun We'll rock the block Yeah yeah! Take it away!! We'll rock the block The neighbourhood Oh yeah! We're gonna shake it! We're gonna make it! Gonna shake it! And gonna rock it! Shake the neighbourhood Ah ha ha We're gonna rock, rock, rock!!!
