

# Rock the Nation

Krokus

Have you heard it's the new sensation  
Bringing magic in the air  
It feeds your imagination  
Put the colour everywhere

Bright lights, blue smoke  
Whatever turns you on  
Push your body through the crowd  
Get close where the music's loud

Looking through your magazine  
Turn the pages, find your favourite dream  
Rock 'n' Roll hanging on your bedroom wall  
Turn the lights out, dream about the show

1, 2, 3, 4  
Rock... Rock the nation  
Rock... Rock the crowd  
Rock... Rock the nation  
Rock... Play it loud

We cross the seven seas  
To satisfy your needs  
We're playing in your town  
We'll burn it to the ground

Strike you like the Blitz, ooh yeah  
Feel the power coming from the stage  
Rock 'n' roll generation going wild  
See the action, sing it with the band

1, 2, 3, 4  
Rock... Rock the nation  
Rock... Rock the crowd  
Rock... Rock the nation  
Rock... Play it loud

Looking through your magazine  
Turn the pages, find your favourite dream  
Rock 'n' Roll hanging on your bedroom wall  
Turn the lights out, dream about the show

1, 2, 3, 4  
Rock... Rock the nation  
Rock... Rock the crowd  
Rock... Rock the nation  
Rock... Play it loud  
Rock... Rock the nation  
Rock... Rock the crowd  
Rock... Rock the nation  
Rock... Play it loud
