

## Too Wired to Sleep

Krokus

...The night is young... time to party down!!!  
Another day is over  
Another job well done  
The air is full of excitement  
And no one's goin' home  
Burnin' mesquite on the barbeque  
Sweet sensimilia's smoke  
Guitar playin' tequila moon light  
Give the fire a poke  
I'm too wired to sleep tonight  
I'm too wired  
Grab another bottle  
From an empty bus  
Meet you by the hotel pool  
Come on don't make a fuss!  
Sand on my feet... breeze in my face  
Shootin' stars in the night  
Singin' songs under the moonshine  
Keepin' the fire high!!  
I'm too wired to sleep tonight  
I'm too wired  
I'm too wired to sleep tonight  
I ain't tired
