

Yellow Mary

Krokus

've been in love for a long long time
I see her in the park
Wanted to know where she comin' from
Dancing in the dark

I need to go to the place she lives
She so damn nice
Hey morning flower wanna hold your hand
And look into your eyes

Yellow Mary - shining light
Won't you come to me
Yellow Mary - feels alright
Girl you set me free

She took my hand into my broken heart
Fixed my shattered dreams
Gave me the wish to believe in love
As hard as it seemed

Sweet tastin' cherry in a smokey night
Love your golden smile
You take to that place that I never was before
Make me feel so high

Yellow Mary - shining light
Won't you come to me
Yellow Mary - feels alright
Girl you set me free

Yellow Mary - shining light
Won't you come to me
Yellow Mary - feels alright
Girl you set me free
Ooooh yellow Mary
