Tonight

Krypteria

Memories of how we got started
And the joy of having you by my side
Remind me of the day you left my life
Loneliness has been my companion
And all hope has slowly faded away
I find it hard to stand those empty days

I have to face that without you
alll the love is gone...
Will I find you

Tonight...Only tonight
Memories of mine flying through time
Tonight...Only tonight
If I could turn back time, I would tonight

Memories of how it all ended
And the pain I feel 'cause you're not around
Remind me of the tenderness
and love we had found
Part of you will always be with me
Still there's loneliness that i have to stand
If only I could drown in your eyes again

I have to face that without you
alll the love is gone...
Will i find you

Tonight...Only tonight
Memories of mine flying through time
Tonight...Only tonight
If I could turn back time I would tonight

Tonight...Only tonight
Memories of mine flying through time
Tonight...Only tonight
If I could turn back time I would tonight
