

# Victoria

## Krypteria

Feel the moment, it's time to begin, see your path into  
the light

Hear the roar of the world coming in

Now rise and make this your time: Victoria!

Victoria, imperium, concordia in aeternum

Victoria et gaudium in saecula saeculorum

Victoria, imperium, concordia in aeternum

Victoria et gaudium in saecula saeculorum

Here it is, your one moment in time, make them remember  
your name

Tear it up, this is your time to shine

Now scream as loud as you can: Victoria!

Victoria, imperium, concordia in aeternum

Victoria et gaudium in saecula saeculorum

Victoria, imperium, concordia in aeternum

Victoria et gaudium in saecula saeculorum
