

# Up To You

Krystal Meyers

You gave me your hand so long ago  
But now our house is burning  
You're never home  
I feel sick looking at our picture frames  
I turned them down and turned you away  
I wanted to hear your words my whole life  
But now they cut me like a knife  
Hiding under the covers  
Crushing dreams  
Am I your lover or enemy?

At the end of the day  
I never wanted it to be this way  
You sure it's what you wanna do?  
I'll leave it up to you

I packed my heart in boxes yesterday  
I fell asleep last night in my room all alone and afraid  
'Cause my blood is cold and body is numb  
Oh God, what did we become?  
I feel you love to say that you don't miss me anymore  
But anything I feel I choose to ignore  
I pray that once my anger dies I'll live  
And once my tears are dry I'll learn to forgive

At the end of the day  
I never wanted it to be this way  
You sure it's what you wanna do?  
I'll leave it up to you

I know the love we had was real at one time  
And if you give me one more chance I promise to try  
Seasons change, lovers bloom and some die  
But you'll always be part of my life

Yeah  
At the end of the day  
I never wanted it to be this way  
You sure it's what you wanna do?  
I'll leave it up to you

At the end of the day  
I never wanted it to be this way  
You sure it's what you wanna do?  
I'll leave it up to you
