

# Best Friends Forever

KSM

Tears,  
You try so hard to hide,  
You hold it all inside,  
Pretend it doesn't matter.

Why,  
Keep it to yourself,  
When you got someone else,  
You know will make it better

You try to be so strong,  
But I always know when  
something's wrong,  
See when your feeling down.

Hey, wasn't it you?  
Who's always been there for me?  
Don't forget what we've been through  
together.

Hey, isn't it true?  
We always promised to be,  
Best friends forever.

yeah!

oh!

The words,  
You don't need to say,  
The sad that's on your face,  
Isn't hard to see through.

I've,  
Been there once or twice,  
It's you that makes things right,  
My turn to be there for you.

You try to be so strong,  
But I always know when  
something's wrong,  
See when your feeling down.

Hey, wasn't it you?  
Who's always been there for me?  
Don't forget what we've been through  
together.

Hey, isn't it true?  
We always promised to be,  
Best friends forever.

Aww,  
When the rain comes down,  
I'll be there,  
I'll always be around.  
Just wanna be the one

to catch you when you fall!

Hey, wasn't it you?  
Who's always been there for me?  
Don't forget what we've been through  
together.

Hey, isn't it true?  
We always promised to be,  
Best friends forever.
