

Permission To Party

KSM

What! Play!
Yeah! Listen up!
C-c-c-c'mon!
Get up early
Don't be late for school
Slow down to 55
Obey every single rule
Turn off your cellphone
When the movie starts
Get back home
Before it gets dark
C'mon
Enough of this what we should do
We've got nothing to prove
After all the work is through

Chorus:
Let's go, we don't need no
Permission to party
Let's rock, nonstop, 'cause everyone's got
Permission to party
No application needed
Satisfaction guranteed and
We don't need no
Permission to party...permission to party

Do your homework
Clean up your mess
Don't act to crazy
When your parents entertain guests
Get off your laptop
Hang up the phone
Sometimes you just wanna
Lose control
C'mon
Enough of this what we should do
We've got nothing to prove
After all the work is through

Chorus:
Let's go, we don't need no
Permission to party
Let's rock, nonstop, 'cause everyone's got
Permission to party
No application needed
Satisfaction guranteed and
We don't need no
Permission to party...permission to party

Permission to party
Everyone's got to take a little holiday
No requirements except to have some fun, oh
Everybody knows just what to do, live a little, celebrate
I know, you know, we don't need no
Permission to party from anyone
Alright! Everybody!
Yeah, yeah, yeah, yeah

C-c-c-c'mon
This time we're making the rules
'Cause we've got something to prove
So whatcha gonna do

Chorus:

Let's go, we don't need no
Permission to party
Let's rock, nonstop, 'cause everyone's got
Permission to party
No application needed
Satisfaction guranteed and
We don't need no
Permission to party...permission to party
Let's go, we don't need no
Permission to party
Let's rock, nonstop, 'cause everyone's got
Permission to party
No application needed
Satisfaction guranteed and
We don't need no
Permission to party...permission to party

Permission to party, yeah, yeah,yeah
Whoa!
