

# Difficulty

Kt Tunstall

Isn't much more I can do for you  
Isn't much more that I can try  
Twisting myself into shapes  
To stop you crying  
What'll I do if I lose you  
What'll I do if I lose  
Difficulty is coming my way  
Coming my way

Making my way into places  
Only been seen on your darkest days  
Breaking my heart to take a walk  
Into your jungle  
What can I do in this world for you  
If difficulty is my friend  
Keeping me company when I know  
I don't need it

You change every day  
You change every day  
(What can I do to make you notice)  
You change every day  
You change every day  
(A little more time to bring you home)  
You change every day  
You change every day  
How can I tell you the truth  
When I don't want to

Possible days in my future  
Possible ways into my past  
Sewing it up nice and tightly  
So I don't wonder

What if I did so much more for you  
And what if I'd said so much more  
Difficulty would be a stranger  
A stranger to me

You change every day  
You change every day  
(What can I do to make you notice)  
You change every day  
You change every day  
(A little more time to bring you home)  
You change every day  
You change every day  
How can I tell you the truth  
When I don't want to

Oh, yeah  
I'm governed by difficulty

You change every day  
You change every day  
(What can I do to make you notice)  
You change every day

You change every day  
(A little more time to bring you home)  
You change every day  
You change every day  
How can I tell you the truth  
When I don't want to
