

## Someday Soon

Kt Tunstall

I think it's time to put myself away  
Seek out a little silence  
Close the doors and sit a while  
And walk a little

And as I put my words away  
The flow slows  
See this penny in the stream  
Pickin? it up is easy

Follow the shape of it  
Jump in  
Swallow it whole  
Jump in

Even though I know my way around  
Possibly there's something that I found  
Holdin? on for findin' solid ground  
Someday soon, someday soon

Gonna turn myself into the grass  
And I'll grow  
Take this space above my head  
And live a little, little

Gonna wear my feathered headdress  
Like an Indian chief  
Gonna stretch out both my arms  
I'm gonna test the temperature

Follow the taste of it  
Jump in  
Swallow it whole  
Jump in

Even though I know my way around  
Possibly there's something new I found  
Holdin? on for findin' solid ground  
Oh, oh, oh

Even though I know my way around  
Possibly there's something new I found  
Holdin? on for findin' solid ground  
Someday soon, someday soon

Maybe walk a little  
Someday soon
