

A fire burns
Water calms
You cool me down
When I'm cold inside
You are warm and bright
You know you are so good for me
With your child's eyes
You are more than you seem
You see into space
I see in your face
The places you've been
The things you have learned
They sit with you so beautifully

You know there's no need to hide away
You know I tell the truth
We are just the same
I can feel everything you do
Hear everything you say
Even when you're miles away
'Coz I am me, the universe and you

Just like stars burning night
Making holes in the night
We are building bridges

You know
When you're on your own
I'll send you a sign
Just so you know
I am me, the universe and you
