

Through the ceiling  
They really mean it  
She's in Alcatraz  
He don't walk it  
And she just talks it  
And nothing's left unsaid

Bail out I said bail out  
And don't look down  
Bail out, its only the ground

Under my floor  
He's a warlord  
And she wants out  
'Cause when she talks it  
He distorts it  
And the highway's in her head

Bail out I said bail out  
And don't look down  
Bail out, its only the ground

And the highway's in her head  
Bail out I said bail out  
And don't look down  
Bail out, its only the ground
