

## Ol' Jack Tar

Kula Shaker

Cold on horizon  
Hope of the sea  
A breeze  
Calling me back to my love

Oh despair  
How softly we cry and mourn for a dream  
Just a dream  
Oh  
Wait for me

Slow on my armour  
Cool on my mind  
This time  
I'll be forever with you

I have waited so long I can't take the stars in degrees  
In degrees  
Oh  
Wait for me

'Cos you are my home  
Across ocean and farm to be there  
To be there

Moon on the water  
Churn in the deep  
My sleep  
Has ended and I'll come home to you

Now your love  
Blows gently  
And haunts these sails  
Cross the sea  
It's endless sea  
Oh  
Wait for me

Oh  
Wait for me  
Wait for me  
Wait for me  
Wait for me
