

Revenge of the King

Kula Shaker

Freedom, spring has come
Healing everyone
God bless the King

Brothers gather around, get ready to sing
We been waiting so long
Revenge of the King

The oil has run dry
The great seas did rise
And the water ran under your door
Everybody knows there'll be more...

Freedom, tears of joy
Weeping, love of God
God Bless the King

Brothers gather around, get ready to sing
See the demons afraid
Revenge of the king

There's a breed of man
With blood upon his hands
He was crazy since the day he was born
But we don't have to fear them anymore

Say I don't wanna die like a rat on a ship
I don't wanna die for somebody's kicks
Give me some fire
In my hand
I'm just a loser but-
I'm gonna make a stand

Freedom, tears of joy
Weeping, love of God
God Bless the King
