

Smart Dogs

Kula Shaker

Dancing in your shadow I was riding through a different state of mind

No one can perceive the state I'm in it's like the living world is blind

It's a feeling like no other

spending easter with your mother darling it's a freaky roller coaster ride

Well if you know the feeling baby peel me off the ceiling baby

Did you know that planet earth was blue

turning blue

Don't you try and talk to me

I'm a space man sitting in the sky

I'm a sleeping sweetly honey

let the sleeping pretty smart dogs lie

Let 'em fly

Wait until tomorrow see the summer sun upon the ocean sky

Look to the creator

see the master of magicians fantasize

It's a feeling like no other

spending easter with your mother darling it's a freaky roller coaster ride

Well if you know the feeling baby peel me off the ceiling baby

Did you know that planet earth was blue

turning blue

Don't you try and talk to me

I'm a spaceman sitting in the sky

I'm a sleeping sweetly honey

let the sleeping pretty smart dogs lie

Let 'em fly
