

Don't Wanna Try

Kumbia Kings

I can't believe you had the nerve to say the things you said
They hurt so bad that they ended our relationship
I can't believe it
4 years gone down the drain
How I wish it would have happened so differently
I tried to save us many times
but still you couldn't see
You kept insisting and reisting
That you would not fall again

And now you're tryin' to tell me that your sorry
and your tryin' to come back home
You're tellin' me you really need me
cryin', beggin' both knees are on the floor
But baby I.....

Dont wanna try
dont wanna try no more
you keep insisting
when you know love is out the door
Dont wanna try no more
Cause all we do is fight
and say the things
we've held too long inside
Dont wanna try
Dont wanna try
I've just bout had enough
It's been a rough road
so baby just let it go
Don't wanna try
Dont wanna try no more
tell me whats the use of holdin' on
when all we do is hurt our love

You and I had many conversations on the telephone
Talked about one day getting a place of our own
Wake up in the morning and have breakfast ready on the table
But now all that seems so far away from me
Had to wake up, face reality
it all just seemed to good to be true
after all you put me through

And now your tryin'
to tell me that your sorry
and your tryin' to come back home
Your tellin' me you really need me
cryin' beggin' both knees are on the floor
But baby I.....

Dont wanna try
Dont wanna try
Dont wanna try no more
You keep insistin' when you know love is out the door
Dont wanna try no more
Cause all we do is fight
and say the things that we've held too long inside
Dont wanna try

Dont wanna try no more
I've just bout had enough
It's been a rough road so baby just let it go
Don't wanna try
Dont wanna try no more
Tell me whats the use of holdin on
when all we do is hurt our love.
