I Need Your Love

Үо уо уо уо уо Uh huh Yeah C'mon, c'mon Millennium Millennium Here we go yo Here we go yo I need you Here we go yo I need you Here we go yo I need your love and touch tonight To feel your body next to mine Kiss you all from head to toe I need you, I need you I need your love and touch tonight To feel your body next to mine Kiss you all from head to toe I need you, I need you Wanna picture you and I together in this paradise It don't matter really where we go

or where we at I'm feeling right Cause I remember you were down with me To be with me and care for me You could get with me across the world And stay this way sencerity

Cause that when it comes to you I do anything Anytime or the place You know that I'll be there Should have thought before you came and stepped to me Now listen close This is what I mean

I need your love and touch tonight To feel your body next to mine Kiss you all from head to toe I need you, I need you

I need your love and touch tonight To feel your body next to mine Kiss you all from head to toe I need you, I need you

I wish I could just let you know that I want to keep it real We could keep it on the downlow Let me know whatever you feel You know I want you for my lady

Kumbia Kings

And baby you drive me wild You drive me crazy Just stay with me a little while

Oh I know that you've been hurt And even played before Don't you worry 'bout a thing Cause I won't do you wrong Just understand babe You got me babe Would you be my lady

I need your love and touch tonight To feel your body next to mine Kiss you all from head to toe I need you, I need you

I need your love and touch tonight To feel your body next to mine Kiss you all from head to toe I need you, I need you

I like to make love to you From the down, romantic tone Step into my room girl And if you didn't know Now you know Call it, call it what you want Spend the rest of my life with you Untill the day that I'm gone

Bring that flavor favorite Gone go 'head so stop that praying I'll be the late guy here to take you girl from a that hate So baby when you're praying I'll be the big thing Taste it So won't you gone giddy up You know girl I'll be the next to you baby

I need your love and touch tonight To feel your body next to mine Kiss you all from head to toe I need you, I need you

I need your love and touch tonight To feel your body next to mine Kiss you all from head to toe I need you, I need you

I need your love and touch tonight To feel your body next to mine Kiss you all from head to toe I need you, I need you

I need your love and touch tonight To feel your body next to mine
